## LIVE NATURALLY. SAVE ON POWER BILLS.

The Australian sun, while beautiful, can be hard to control when temperatures rise. Enjoy it, with auto guide awnings.

The most popular and traditional awning choice, Auto-Guide Awnings are spring driven with guides running down the sides. Manually move the bottom bar to operate, stopping the awning at any position to maximise sun protection.

- Keep your home fresh year round - open sides allow airflow.
- Easy control by hand or pull-stick.
- Style it up, with stainless steel components.
- Perfect for bay windows.
- Classic look, modern materials, made to last.

At Stan Bond, we provide you with simple, hassle-free terms that are easy to understand. You can relax knowing you are covered with a two-year warranty on installation and a five-year warranty on your product components.

## CONTROL THAT MID-MORNING GLARE WITH YOUR AWNING OF CHOICE.
